

CORRECTIONAL CUSTODY

COMPLIANCE WITH THIS PUBLICATION IS MANDATORY

This instruction provides procedures and guidance for the Sheppard Air Force Base correctional custody program. This publication governs the policies, responsibilities, and procedures for operation of Correctional Custody at Sheppard Air Force Base. It places specific obligations upon airmen placed in correctional custody, the superintendent, supervisor, and cadre. This instruction applies to all organizations that place airmen in correctional custody, persons assigned to the facility, and the airmen placed in correctional custody.

1. PURPOSE AND POLICY:

- 1.1. Correctional Custody is non-judicial punishment imposed by the commander on members of his or her command for minor offenses. It is not confinement, and time spent in correctional custody does not constitute time lost under 10 U.S.C. 972. The purpose of correctional custody is to provide a secure setting in which command interest, supervision, correctional treatment and referral services (religious, medical, legal, and personal affairs) are applied to correct an offender's tendency toward delinquent behavior. The deprivation of liberty is a severe punishment to be carefully considered and imposed only when it is necessary to closely hold the offender in a treatment setting. Correctional Custody, building 381, is designated as the Regional Correctional Custody Facility (CCF) for Sheppard, and Reese Air Force Bases, Texas and Altus, Tinker, and Vance Air Force Bases, Oklahoma.
- 1.2. Rehabilitation Training. Offenders placed in CCF receive rehabilitation training in:
- 1.2.1. Military customs and courtesies.
- 1.2.2. Military dress and appearance.
- 1.2.3. Air Force standards.
- 1.2.4. Drug and alcohol abuse.
- 1.2.5. Physical conditioning.
- 1.2.6. Financial obligations.
- 1.2.7. Core values.
- 1.2.8. Corrections facility tour
- 1.2.9. Court-martial observation
- 1.3. Referral Services. Correctees placed in CCF receive referral services through representatives from Chaplain, Family Services, Mental Health, and Social Actions. See 82d SPS OI 31-208-1 "Rules of the Correctional Custody Facility (CCF)" for more information on referral services.

2. RESPONSIBILITIES:

2.1. SECURITY POLICE SQUADRON COMMANDER: The Correctional Custody Program is the responsibility of and under the direct control of the 82d Security Police Squadron Commander. 82d SPS/CC devises the specific policies and procedures for operating the program. These are included in this INSTRUCTION and 82d SPS OI 31-208-1. Utilizes the Visit Statistics provided by the CCF Superintendent, contacting the commander of any correctee not receiving scheduled visits.

Their phone numbers are in the locator box in the CCF supervisor's desk.

When unoccupied, male correctees may use it for laundry purposes only.
